

Leucothoe axillaris

Coastal Leucothoe

Now Available!

Full, heavy #3 container plants
\$12.00 - while supply lasts!
Deer Resistant - Shade Tolerant

Plant Features

A dense, broadleaf evergreen shrub with graceful, arching, fountain-like branches and shiny leathery green leaves changing to reddish tones in the fall and winter. Clusters of showy white flowers appear in mid spring. Makes a great low hedge. Deer resistant!

Sun Requirements	Partial to full shade
Height	3-4 feet
Recommended Spacing	4 feet apart
Hardiness Zone	Zones 6-9
